learning

## LEARNING

The two essential activities in a school are teaching and learning. While these activities are inextricably interrelated it is the teachers who are primarily responsible for teaching and the students who must accept responsibility for learning.

Learning takes many forms and occurs in many situations within our school. It occurs in the structured classroom setting when students solve geometry problems, memorize chemical formulae or discuss the use of satire in a modern play; or it may occur at a Student Union meeting, on the football field or even on stage at the "Lack of Talent Show".

One of our aims at Scona is to provide learning opportunities to give students a fund of knowledge from which they may generate ideas, bring relevant background to bear on a problem, assemble pertinent data, grasp relationships, appraise the values involved, and make a judgement.

Learning ends only with one's life. Pursuit of learning will lead us into something that is not easy, but in times of societal change and world uncertainty it may be to our advantage to have something significant to do that requires considerable expense of our thought and energy.

I wish you all many years of worthwhile learning.

### PRESIDENT'S MESSAGE

It has been an honor to serve as your Students' Union President over the past year. I was extremely fortunate to have a council that worked hard to make our activities successful. The Students' Union is the backbone of the activities, but it is the students who determine the degree of success. I would like to thank the students of Scona, for their participation throughout the year, because without their support it would have been difficult to plan successful activities.

This has been a memorable year for myself and I hope that it has been one for everyone to remember. Scona is one of the finest High Schools in the city and I know that it will continue to stay on top.

In closing I would like to thank the teachers, our advisors and the office staff. We really appreciated their help and time over the course of the year

Good Luck in the Future  
Susan Allen

## VALEDICTORY

As the graduating class of 1977, we are facing the completion of our high school education and thus we will all soon find ourselves bidding our Scona farewell. Saying good-bye brings sadness for it means we are leaving something behind. In essence we are, for behind us now is a complete realm of invaluable experiences. Scona has seen us each through our imaginative escapades and seemingly unconquerable challenges. It has shared our successes and comforted our defeats. In times of disillusionment we have found compassion and concern. It is through both challenges and pleasures, both enthusiasm and trauma, and both our failures and success that we have gradually matured. To say that we leave these experiences behind us is certainly not to say that we will allow them to be buried in the past, for these cherished memories will never die. In the words of Lois Cheney, "You find you are made up of bits and pieces of all who ever touched your life, and you are more because of it, and you would be less if they had not touched you."

It is most difficult to express all the emotions we may have on this occasion. Perhaps they can only be felt. Sadness is intermingled with the enthusiasm and anticipation of setting out in our own direction. For ahead of each of us is a future of great potential.

We as Canadians live in a country that can offer us many advantages and opportunities in furthering our education and in choosing a career. Whatever path we may follow it is important to realize that true success is not necessarily based on materialistic gains or getting ahead. The essence of this statement is expressed in a poem by Henry David Thoreau.

Why should we  
be in such  
desperate haste to succeed  
and in such  
desperate enterprises?

If a man does not keep pace  
with his companions  
perhaps it is because he hears  
a different drummer.

Let him step to  
the music which he hears  
however measured  
or far away.

As we face the life ahead of us it will be evident that the most valuable asset gained in our twelve year education has been learning to learn. This will take us farther than anything else, for living itself is learning.

The world before us is ours — all its beauty, its love and its difficulties. This world is ours to live in and live for, but ours is also the responsibility to preserve it. The problems we must solve are no longer a part of history viewed with incredible hindsight. Now we shall determine our own destiny. No longer shall the blame for society's weaknesses be attributed to others but rather we, tonight's graduating class must accept the credit or the blame for the society we in turn will create.

Out of our struggles on behalf of society and on behalf of ourselves, I trust that above all, each of us will find inner peace.

Nadine Skakun

## CLASS HISTORY '77

Once upon a time, many years ago, there stood a group of awkward and bewildered teenagers. Most of them clustered anxiously against the green high school walls, and some stood boldly, laughing loudly and nervously; but all of them registered at Scona High, all of them remembered phys. ed. and hall locker numbers and combinations, gave half-hearted smiles for I.D. pictures and ran the rigorous frosh obstacle course, were draped with toilet paper, embarrassed during 'welcome week' and attended their first high school dance.

Those days are past and we now feel at ease when we attend one of Scona's infamous Pep Rallies. We've screamed ourselves hoarse year after year, cheering our football, basketball, and volleyball teams on, celebrating the wins and usually the losses too. We've carved pumpkins and dressed up for the Halloween Costume Contests and put on straw hats and rolled up our jeans as the ladies had a chance to escort the gentlemen of their choice to the elegant Sadie Hawkins' ball.

The drama department put on the challenging production "**Anne Frank: Diary of a Young Girl**" and tried their hand at the comedy musical "**You're a Good Man Charlie Brown**"; while the music department thrilled their listeners with band and orchestra concerts. From classical string quartets to the "pop" stage band sound, they certainly came a long way.

There have been "fairy tale" Christmas formals and heart captivating "Sweetheart Swirls", but Scona dances reach an apex as the 'mighty men' of Scona break out their Brilcream and 'bop' with their 'babes' to the Beatles and the Beach Boys. Yes, Greaser Days take 'back-seat' to no other social event . . . not even the Scona Car Rally.

We've laughed and been genuinely amazed at our classmates' participation in the "Lack of Talent Show"; and cheered the obvious talent in the athletes on Scona's solid, city sweeping 'Track Team'. It's funny, most people never get to see the **real** speed, coordination and moves of the team — mainly because they are displayed at the wind-up track party!

This year has been a special one; we've welcomed two new teachers and Sue Allen, as our first lady class president. Mrs. Campbell and Mrs. Scott had babies, and Scona wrestlers built themselves a fearful reputation: on the 'mats' and as notorious 'popcorn pushers'. They took a little side trip to Arizona, not only to wrestle, but to spread 'Scona Spirit'.

In a suspenseful series of hockey games; Scona skated away champions, beating those weak-ankled Ainly contenders; and we proudly welcomed home Becky Smith, who did a 'whale' of a job at the Montreal Olympic Games.

After all that we can't honestly say that nothing was gained in our years at Scona. We have teachers, parents, and counsellors to thank, and they know we've appreciated them.

Now this speech is written; it is history; a past: something to remember and love, but not to dwell on. We've met new people and made new friends. We've solved our high school problems, we've learned a lot, shared a lot, and done a lot of growing up, growing as individuals because we've grown together. Thank-you, good luck and God-speed to the class of '77.

A lovely flower shall bloom in May  
to show its velvet faces to the world  
To feel the sun's harsh but warm rays  
and the rain's gentle dew kisses  
To cleanse itself of past trials  
and spill its fresh fragrance out  
Our faces shall open to the harsh  
but loving world in May, also  
Forget the bitter past,  
remember the good times instead  
And share what you know with the world  
Best wishes, Grads.

**BETH PATRICK**

 Shell creatures of the living sea,  
 With convolutions like the waves  
 and colours of a tulip tree  
 But shells are like my wandering dreams  
 Some to be kept, some cast away.  
 So I'll just save the  
 choicest ones  
 To treasure on a lonely day

# Awards

#### **ROSS SHEPPARD ACADEMIC TROPHY**

Ross Sheppard taught Mathematics at Strathcona and was the Principal of Strathcona from 1920-38. He was also Superintendent of the Edmonton Public School Board. He was a member of the Canadian Athletic Team and was named to the Edmonton Sports Hall of Fame. Mrs. Ross Sheppard has donated the trophy and the annual cash award to the Grade X student who attains the highest standing on the mid-term and Easter examinations. Linda Ostry was the winner of this award.

#### **J. ISA SOPER ACADEMIC TROPHY**

This trophy was donated to Strathcona by the Home and School Association. It is named in honour of Miss Isa Soper in appreciation of her long association with the school both as a teacher and administrator. It is to be presented annually to the Grade XI student who attains the highest standing in the mid-term and Easter examinations. Mark Lupin was the winner of this award.

#### **WEES TROPHY**

The original Wees Trophy was donated in 1929 by Dr. Wees, a teacher of Garneau school. It was replaced several years ago by a new Wees Trophy. It is presented annually to the Grade XII student who attains the highest standing in the mid-term and Easter examinations. Katherine Orrell was the winner of this award.

#### **GRIESDORF TROPHY**

This trophy was donated by David Griesdorf, a former student of this school. It is presented annually to the girl of the Graduating Class who is most outstanding in her service to the school and participates in extra-curricular activities. Susan Allen was the winner of this trophy.

#### **SCARBOROUGH TROPHY**

The Scarborough Trophy was donated by the Students' Union in 1952 in memory of Mr. Charles Scarborough, a former teacher of Strathcona. The qualities that Mr. Scarborough admired in a boy were outstanding service to the school and good academic achievement. James Kellner was the winner of this trophy.

#### **DUNCAN INNES HOME AND SCHOOL TROPHY**

This trophy was presented to Strathcona Composite by the Home and School Association and is a token of appreciation to Mr. Innes who was Principal from 1949-1965. This trophy is presented to the girl who is an outstanding citizen and makes a major contribution to the athletic program of the school. Avery Calhoun was the winner of this trophy.

#### **HARLEY-MILLAR-SUTTON TROPHY**

This trophy is presented annually to the male student of the graduating class who is outstanding as an athlete, as a good student and a man. It is donated by Brigadier-General B. F. MacDonald in memory of Pilot Officer John William Harley, Flying Officer John Whitla Millar, and Flight Lieutenant Harold Ranson Sutton. These three men, who attended Strathcona High School, were killed in World War II. Fred Fishburne was the winner of this trophy.
